have no relations with Italian Government or any Government in a way to let our Schema become valid for the masses.

We instead see ... a lowering that began time ago ... from the days of ex-President George W. Bush in United States ... do not get exalted in the period of President Obama ... and is still low ... in these days. Indeed what is intended for Democracy is in danger ... in mean time our Books for Physics or Mathematics ... intending ... High Physics, High Math, Cosmology and The Theory of Everything, delay a little.

I, Giovanni began to work ... I mean paid for work ... fortunately Venezuela is a country that pay for Work ... like is normal ... from the young age of fourteen.

My Sacred Father ... Alberto Orlando ... find this work for me, with one of his friend of Russian Origins. It was a job fixing Orchideas in a small Garden ... the Salary was good for a teenager ...

This Employer was originally from Mother Russia ... his name was Johan Tischenko ... extremely pleasant was his lesson on Chess game ☐ after the Job. I remember like was Yesterday, but was more than 30 years ago ... around 1978-9.

This job was in the period before to complete High School ... that happened in 1979.

By those days ... I began also to Study Martial Arts and Judo ...

At the age of sixteen I enter in a Bank ... In the Bank ... because a Computer ... I learn BASIC Programming for myself ... using a Book. Then, I enter to Study Mathematics ... and then complete the first degree in Math in 1985 ... but in 1984, I get the Black Belt in Judo.

Therefore English ... Judo ... Mathematics ... Chess ... Computer Programming and ... Beach

...

The first degree in Math was very pleasant ... I was an Assistant for two years before the Degree ... I never suppose what means ... "A Tempest of unresolved Time" ... but today I know much more ... I know ... whatsoever are the problems ... always find solution ... also Bad Governors that suppose can rule the other countries without to play attention to their own Country.

Atheist never believe ... The difference between Daniel LaRusso and Johnny Lawrence (No Mercy) is to believe and not believe.

Of Course you need to believe in God ... in Honesty and Benevolence ... not in Evil or Insult ... or denigrate others ... because the Universe don't forgive. There are an accountability inside and no one can escape from such accountability.

Governments do not believe in their Citizen ... they prefer ... may be logically ... to let Citizen or to transform Citizen in Fools ... in a Pseudo-Robot ... that dance the Waltz of TV, news, Shows and "Fake News". Governments can consider this is Logical ... but is very ILLOGICAL ... because they do not consider "God inside" their Citizen ... and "God is not a Fool".

My Black belt was in 1984 ... the same year is underlined in the New TV Serie ... and I rise with ... adoration to the "Good Path" ... "not the Dark Side". If you prefer to remain Funny to the Jedy Path ... not the Demon Path of the Sith.

This problem ... the Movie Serie ... "The Karate Kid" underline ... is very valid today ...

What kind of person ... Do you suppose is the actual president of United States? ... someone like LaRusso? ... or someone like Lawrence? ... I excuse to move the idea on Politics but have a serious sense.

Let us return to the "New TV Serie" where ... "No Mercy" Lawrence now teach people without discipline ... to have discipline ...

In this serie we can see ...

- Sons ... disrespecting their Parents.
- Employees ... fired for an insignificant misunderstanding ...

- The World Children disrespecting their equals ...
- all and more ... of "Decaying" World ... that have no idea about the Causes ... Mr. Lawrence begin to know the causes ... I, Giovanni know the causes.

Let me ensure you ... I never strike the face of someone ... Never ever. Never ever someone strike my face ... and I am close to be 60 years old ... but in 2023 ... Today, we are in 2019.

I am a Black Belt in Judo ... not Karate ... I know Karate ... but have no degree. I have practiced ... Kendo, Aikido ... knows rudiments of Karate and Jujitsu and also Study formally Kung Fu ... but I do not like the way was teach when I studied ... may be neither to learn from Animals how to defend. I am more Martial ... Sorry.

I don't know ... in depth all Martial Arts ... but Judo is Olympics ... It is practiced by Old people, Woman and also Old Women ... young people and "JU" means Soft ... so "JU-DO" is the Way of Soft that use the Energy of the other to win the opponent.

Seems Karate will become Olympics next year.

Logical is to ... DO NOT FIGHT ... because the FOOL ... do not know can be killed.

... I Giovanni ... walk ... and use ... "Mental Energy" ... almost nothing Physical ...

Judo have Waza or Techniques.

You can begin with Techniques in Stand mode ... then continue with Techniques "on the Floor".
